

Home Study Task

Art

These illustrations have been done by the Artist Pete Scully of his son's shoes.

Your Task is to make a closely observed drawing of one of your favourite shoes.

Draw it from a side view, look closely at the shape and try to get the proportion accurate.

(If you want more of a challenge draw it from a front view).

Experiment to show the different textures of the materials, which make up your shoe. It can be black and white or colour. You can create tone with pencil, biro, coloured pencils or paint if you have some.

Add writing around your shoe drawing of 3 different memories of when you have worn them. E.g. – I remember going down to the beach and getting sand stuck in these.....etc.
