

How will my exam grades be awarded this summer?

Your teachers will give the exam board a **centre assessed grade**.

The grade we think you **would have got** in the summer

It will be based on classwork, homework and any coursework you have done

Your teachers will also have to **rank** the students for each grade

We are **not** allowed to share this information with you so please don't ask.

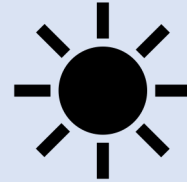

The exam boards will use this information to award you a grade for each subject.

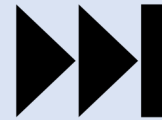

They will look at the school's previous grades and your previous assessments (GCSE or SATS)

This means that they may change the grade that we give to them

What happens then?

You will get your exam results in the summer. We hope this will be earlier than usual, but we don't know yet.

You will be able to use your exam results to go to Sixth form, college or university in the normal way They will be treated the same as normal exam results by everyone

If you are unhappy with your grades you will be able to appeal. We don't know the details on this yet.

You will also be able to sit exams for real in the Autumn, we don't know the details of this yet either
