

BUILDING ASPIRATION THROUGH  
GREAT LEARNING

# WELCOME

Welcome to Sir Bernard Lovell Academy. I am delighted to introduce you to our exciting, positive and vibrant Academy, where we are committed to ensuring that all our young people are happy, enthusiastic and enjoy meeting the challenges that we set for them.

We strive for all our students to become innovative and independent thinkers with the resilience to be successful in life and we work closely with families to achieve this.

The Academy is part of the Wellsway Multi Academy Trust which has ensured continuous significant improvement in all areas at SBL including examination results.

# OUR CURRICULUM

Here at SBL, we offer a broad and balanced curriculum to inspire and support students in their progression to Post-16 education and their chosen career path. Students have five, one-hour lessons per day and we operate a two-week timetable.

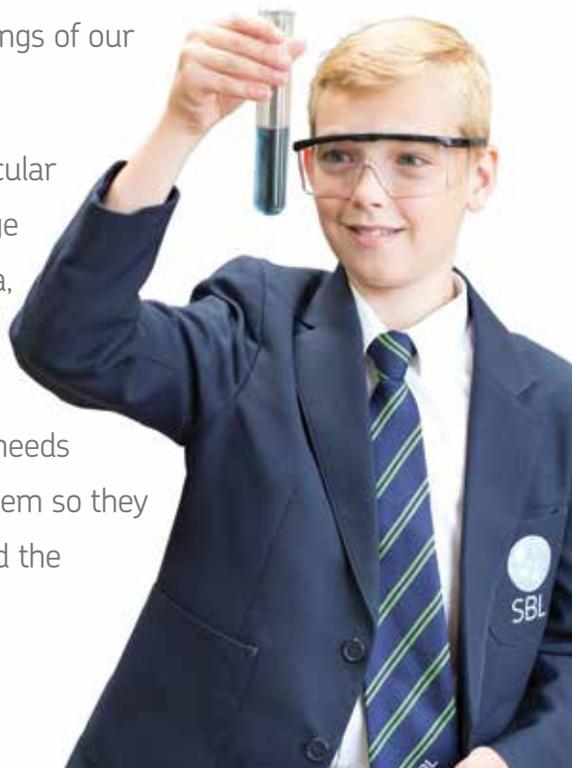

We seek to build the spiritual, moral, cultural, social, intellectual and physical development of our students alongside a range of valuable qualifications which are selected to meet the needs and interests of our learners.

We offer the opportunities, responsibilities and engaging experiences required to support our vision to prepare all of our students for adult life as a citizen in modern Britain.

We have a well-developed care, advice and guidance programme to support students at each point in their school career, especially when students opt for their examination subjects in Year 9 and in Year 11 for their Post-16 pathways. We use information from primary schools and initial assessments undertaken in Term 1 to decide upon the groupings of our students in Year 7.

We have an extensive extra-curricular programme which includes a range of educational visits, sports, drama, music and community based activities. We recognise that each and every student has distinctive needs and talents and we will nurture them so they can pursue their ambitions beyond the curriculum boundaries.
